

YASH JAIN

Cloud & IT Support Engineer | Smart Home & Security Systems

📍 Roorkee, Uttarakhand | 📞 +91-8979694811 | ✉️ jainyesh226@gmail.com | [linkedin.com/in/yash-jain-32234b2b5](https://www.linkedin.com/in/yash-jain-32234b2b5) | github.com/YashJ226

PROFESSIONAL SUMMARY

Motivated Cloud & IT Support Engineer aspirant with strong foundations in networking (CCNA-level), cloud infrastructure, IoT concepts, and Linux/Windows administration. Highly focused on applying these skills within the smart home and security systems domain — including IP-based CCTV, access control, home automation, and remote monitoring platforms. Adept at cloud connectivity, device management, and network troubleshooting for connected security solutions.

CORE COMPETENCIES

Networking - TCP/IP, OSI Model, Subnetting, VLANs, DNS, DHCP, NAT, Firewalls, IPv4/IPv6

Security Systems - IP CCTV Concepts, DVR/NVR Configuration, Motion Detection, Remote Monitoring

Smart Home / IoT - IoT Device Management, Home Automation Protocols, Cloud-Connected Devices

Cloud Platforms - AWS, Microsoft Azure, GCP — VM Deployment, IAM, Cloud Storage, Monitoring Dashboards

OS & Admin - Linux (Ubuntu/CentOS) — User Management, Permissions, Shell Scripting; Windows Server Basics

Security & Compliance - Cloud IAM Policies, Encryption, Least Privilege, Network Security, Vulnerability Basics

RELEVANT PROJECTS

IP Network Setup for Multi-Device Security Layout — *Cisco Packet Tracer, VLANs, Subnetting*

- Designed and simulated a segmented IP network supporting multiple connected security devices (cameras, sensors, access points).
- Configured VLANs to isolate security device traffic from regular LAN, improving stability and security posture.
- Implemented DHCP reservation and static IP assignment for reliable device addressing — standard in DVR/NVR setups.

Cloud Infrastructure Setup (AWS / Azure) — *EC2, IAM, VPC, Cloud Storage*

- Deployed virtual machines on AWS and Azure with custom networking, security groups, and inbound/outbound rule configurations.
- Implemented cloud storage, monitored resource usage dashboards, and enforced IAM user access controls.

EDUCATION

Bachelor of Computer Application — Cloud Technology & Information Security 2023 – 2026 (Pursuing)

Teerthanker Mahaveer University, Moradabad | Uttarakhand

Intermediate (12th Grade) 2023

Chandra Shekhar Public School | Roorkee

High School (10th Grade) 2021

Chandra Shekhar Public School | Roorkee

CERTIFICATIONS & TRAINING

- Generative AI Foundations Workshop — GTR Academy (2025)
- HTML Certification — LetsUpgrade (2024)
- Introduction to Computer Training — (2024)
- Cisco Networking Academy — CCNA Concepts
- Data Analytics and Visualization Job Simulation-Accenture (2024)
- Solutions Architecture Job Simulation-Forage(2024)
